

York County Senior College & South Coast Senior College

'Book Talk' Zoom Course

Arlene Jackson, Instructor

We are trying something new this September. We will be combining two classes that will be reading the following books for this 8 week course. The Book List is being made available now so that you may read leisurely over the summer. This will be a ZOOM class meeting on **Wednesday mornings at 10:00 a.m.** beginning of September 8. The members should sign up with and pay registration fees to their respective senior college (York County SC or South Coast SC). Each person will receive their invitation to the course on Tuesday afternoon. Both colleges will work together in administering the course, which will be available to 15 students from each college.

These two classes have been separate in the past but it is now time to bring them together to share their love of discussion and books. When you get 30 people together who are probably 60 to 80 years old, "hang on for the joyous sharing of opinions and experiences". Hope to see you there!
